

Note: All dimensions are in milimeters.
All non marked tolerances are +/- 0.1mm
Material: 26 or 24GA-M27 to M47 coating C5
Pcs needed for one rotor of 80mm: if 26ga then 170 needed
if 24ga then 125 needed
Mentions: the rotor is made out of the 2 slices skewed 1.5 degree
Both rotor slices are identical.
